

Product Redesign Recommendations

Pillar #1: Engage

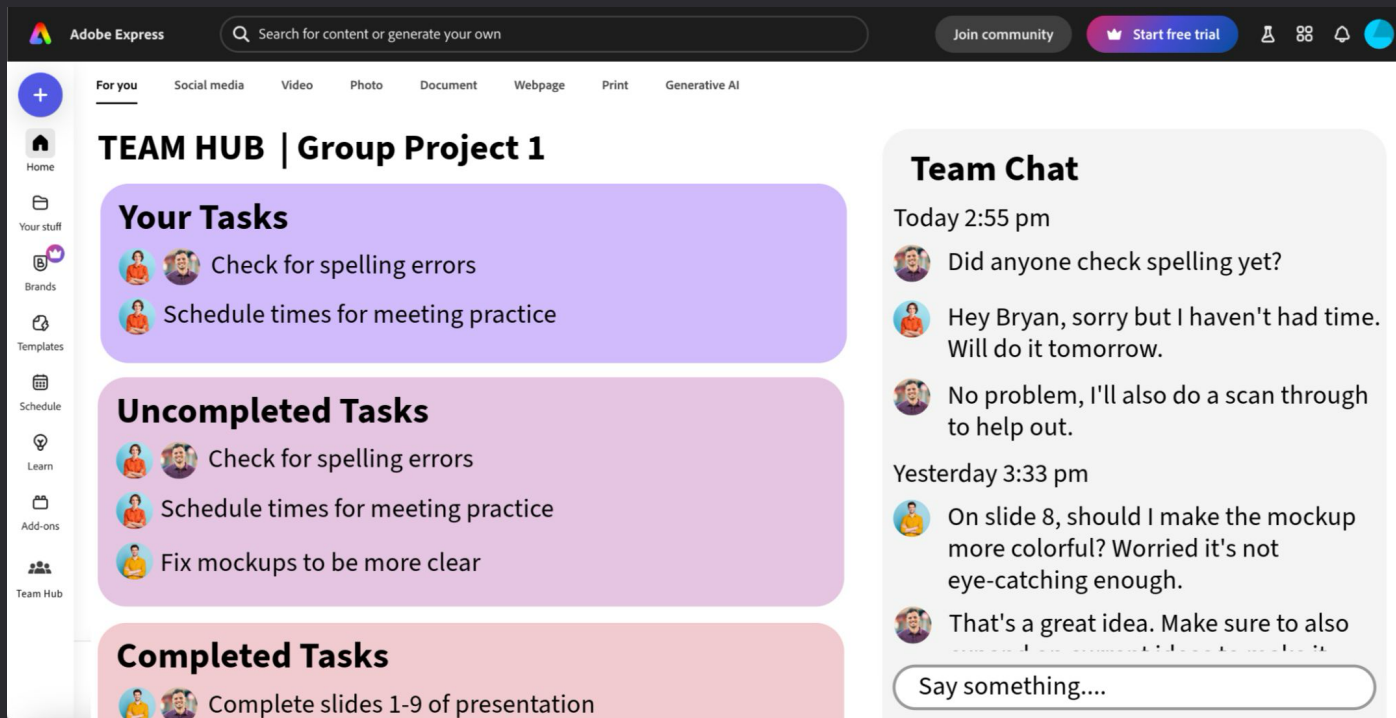

PRODUCT REDESIGN RECOMMENDATIONS

Strategy

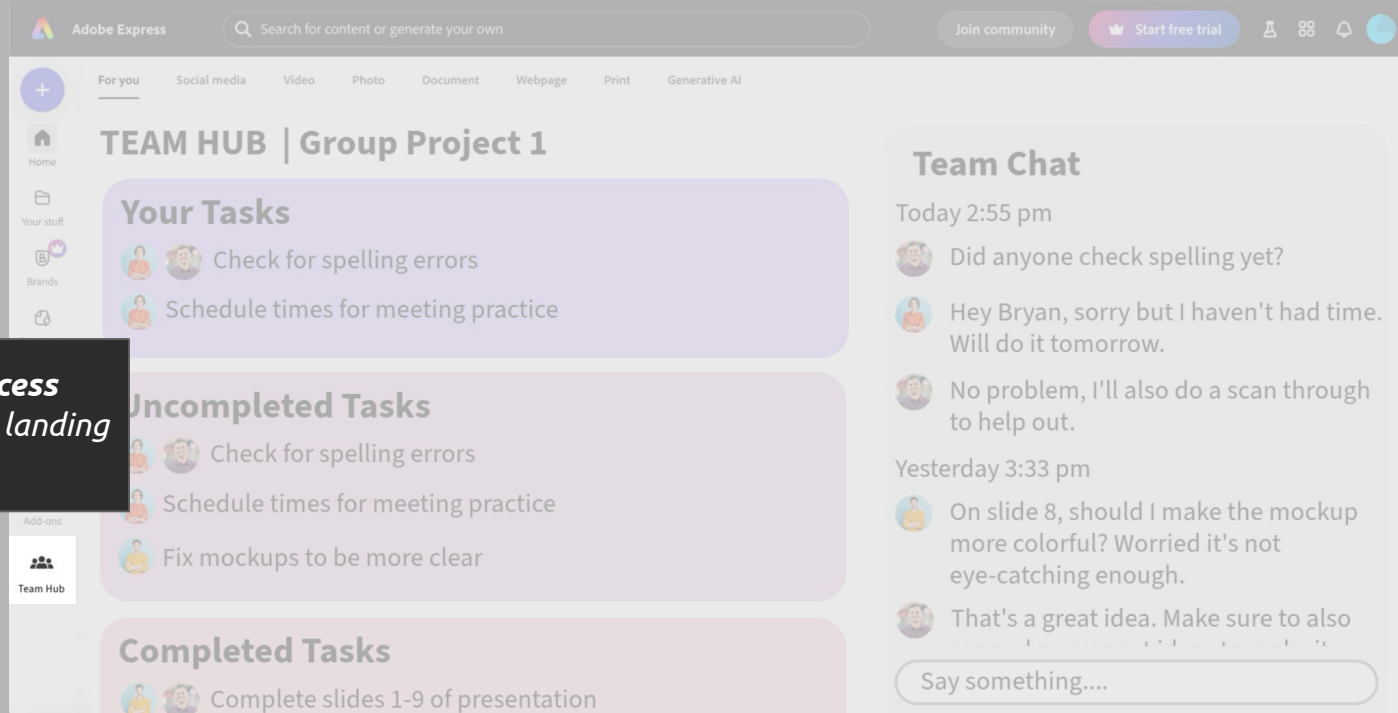

Centralize team management through an integrated project control center tailored for student organizations (e.g., clubs, societies, student newspapers) and group projects.

Strategy

Centralize team management through an integrated project control center tailored for student organizations (e.g., clubs, societies, student newspapers) and group projects.

Strategy

Centralize team management through an integrated project control center tailored for student organizations (e.g., clubs, societies, student newspapers) and group projects.

The screenshot displays the Adobe Express Team Hub interface. At the top, there's a navigation bar with the Adobe Express logo, a search bar, and buttons for 'Join community', 'Start free trial', and user settings. A sidebar on the left contains icons for Home, Your stuff, Brands, Templates, Schedule, Learn, Add-ons, and Team Hub. The main content area is titled 'TEAM HUB' and features three task lists: 'Your Tasks' (purple background), 'Uncompleted Tasks' (pink background), and 'Completed Tasks' (light pink background). Each task list includes tasks with user avatars. A black text box with white text is overlaid on the 'Your Tasks' section. To the right, there's a 'Team Chat' section showing a conversation timeline with messages and a text input field at the bottom.

Assign tasks in centralized workspace dashboard

Your Tasks

- Check for spelling errors
- Schedule times for meeting practice

Uncompleted Tasks

- Check for spelling errors
- Schedule times for meeting practice
- Fix mockups to be more clear

Completed Tasks

- Complete slides 1-9 of presentation

Team Chat

Today 2:55 pm

- Did anyone check spelling yet?
- Hey Bryan, sorry but I haven't had time. Will do it tomorrow.
- No problem, I'll also do a scan through to help out.

Yesterday 3:33 pm

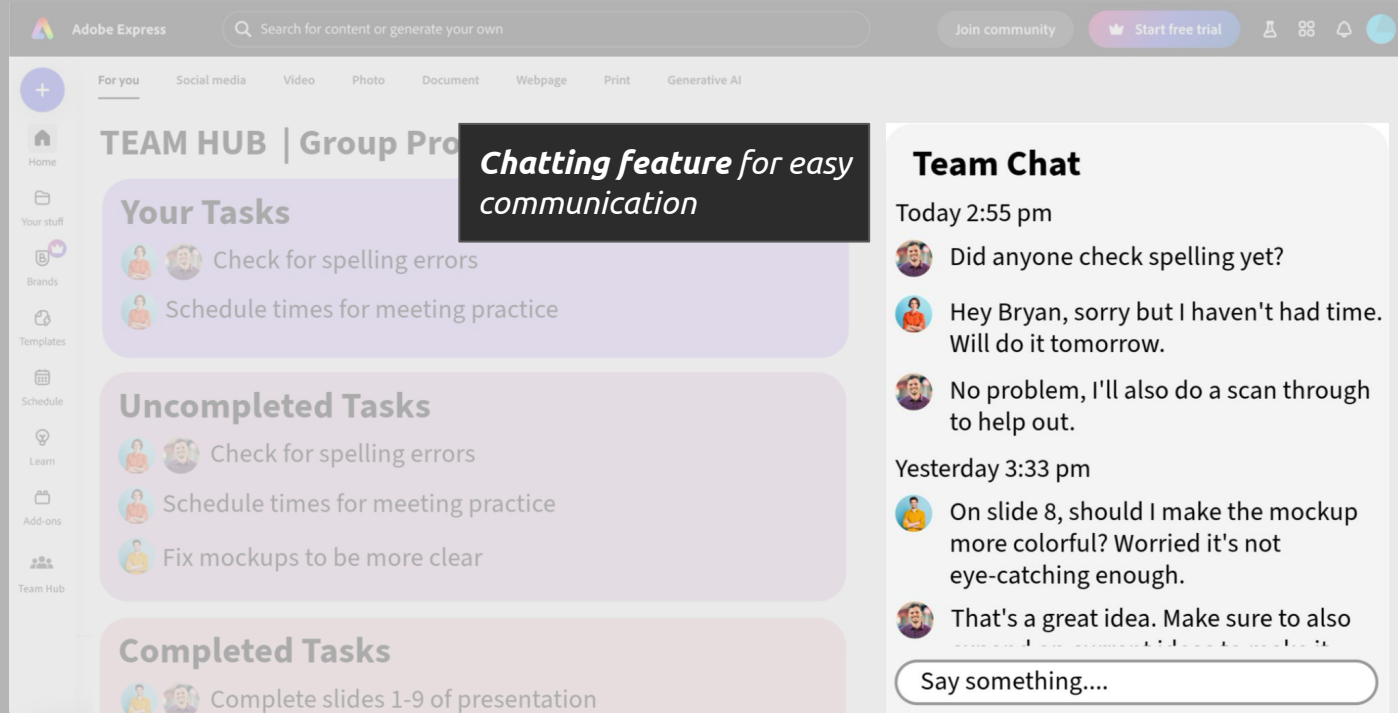

- On slide 8, should I make the mockup more colorful? Worried it's not eye-catching enough.
- That's a great idea. Make sure to also

Say something....

Strategy

Centralize team management through an integrated project control center tailored for student organizations (e.g., clubs, societies, student newspapers) and group projects.

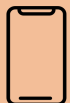

Strategy

Streamline the mobile platform to seamlessly extend the desktop experience, enhancing user engagement and simplifying the process of sharing completed designs on social media.

How designers use mobile devices?

Social Media Exports

Multi-step workflows

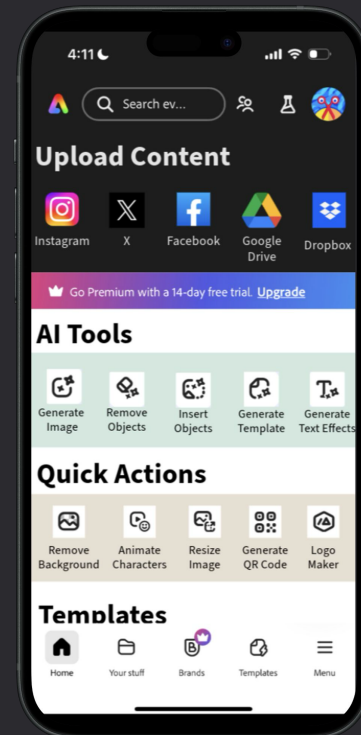

How do we simplify these processes?

1. Pin “Upload Content”
section to the top of app

2. Ensure real-time syncing
between desktop and mobile devices

Simplified mobile landing page with pinned social media tab.

Strategy

Enhance chart creation capabilities to enable users to build complex charts effortlessly, with improved customizability and streamlined AI-assisted chart generation.

Competitors have standalone

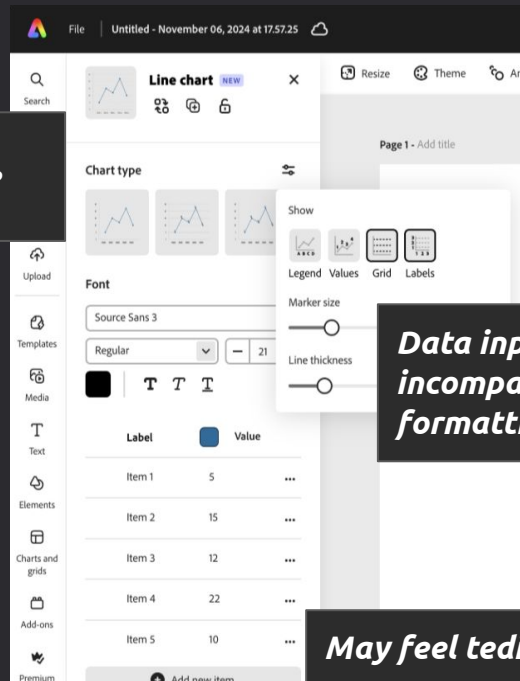

Data Visualization Softwares

Adobe Express must
**Improve Chart
Creation Features**

Current Issues

**Chart add-ons
difficult to locate
(not in chart tab)**

**Data inputting
incompatible with CSV
formatting**

May feel tedious for users

Strategy

Enhance chart creation capabilities to enable users to build complex charts effortlessly, with improved customizability and streamlined AI-assisted chart generation.

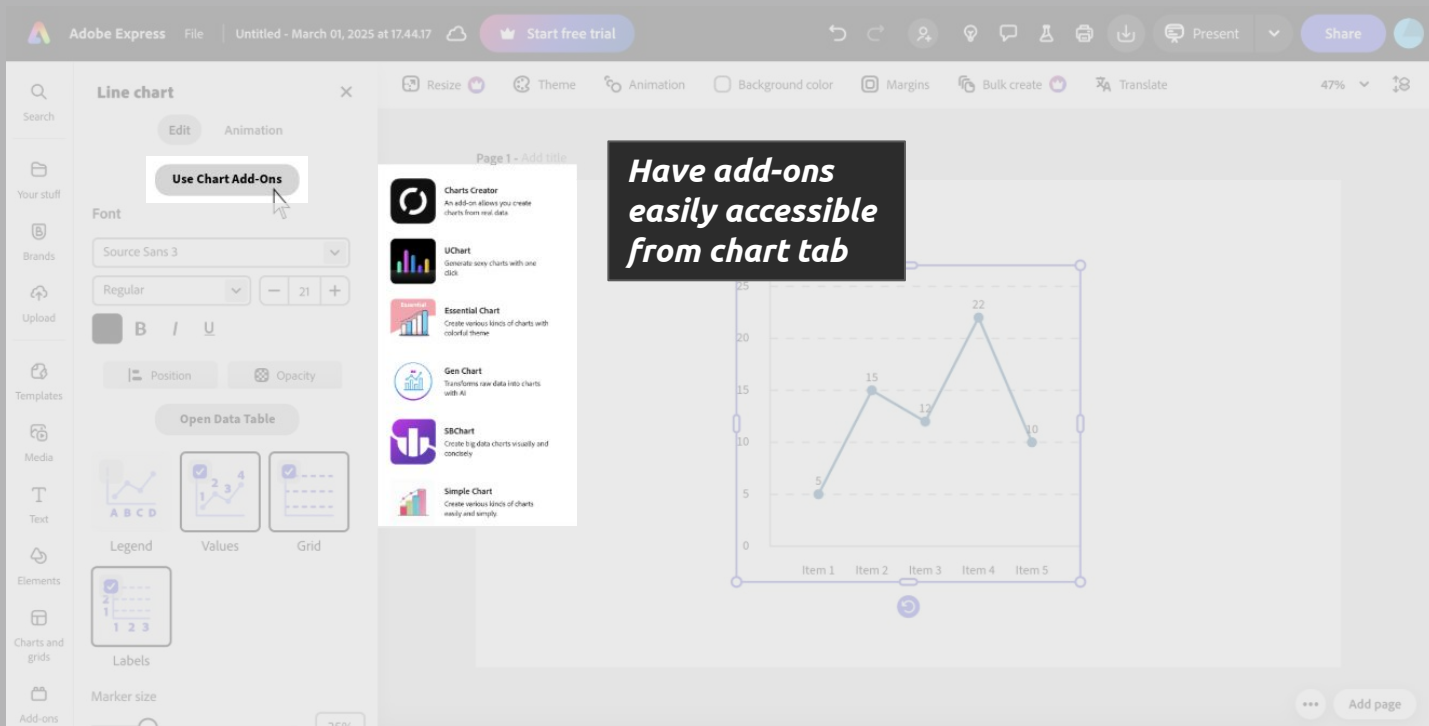

The screenshot displays the Adobe Express interface for creating a line chart. The top navigation bar includes the Adobe logo, 'Adobe Express', 'File', 'Untitled - March 01, 2025 at 17:44:17', a 'Start free trial' button, and icons for undo, redo, share, help, chat, and export. The main toolbar on the left contains icons for search, your stuff, brands, upload, templates, media, text, elements, charts and grids, and add-ons. The 'Line chart' panel is open, showing options for 'Edit', 'Animation', and 'Use Chart Add-Ons'. Under the 'Font' section, 'Source Sans 3' is selected with 'Regular' weight and size '21'. The 'Open Data Table' button is visible. Below it, there are three tabs: 'Legend', 'Values', and 'Grid'. The 'Legend' tab is active, showing a list of items with checkboxes. The 'Values' tab shows a line chart with data points. The 'Grid' tab shows a grid layout. The 'Labels' section is also visible. The main canvas shows a line chart with five data points: Item 1 (5), Item 2 (15), Item 3 (12), Item 4 (22), and Item 5 (10). A large black box with the text 'Improved Chart Tab' is overlaid on the chart.

Item	Value
Item 1	5
Item 2	15
Item 3	12
Item 4	22
Item 5	10
